GROUP 260

Hon. Commissioner of Patents  
and Trademarks  
Washington, D.C. 20231

Attention: Faile, A.  
Examiner

Dear Sir:

In response to the Office Action dated September 28, 1995, approval of the following drawing amendment to the application is requested. A separate amendment to the specification and claims accompanies this request.

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to the Commissioner of Patents and Trademarks, Washington, D.C. 20231, on:

December 21, 1995

(Date of Deposit)

## IN THE DRAWINGS

In FIG. 2, Please reverse the direction of the leftmost arrow between ADC 208 and PA Limit Threshold Control 209 to flow from ADC 208 to PA Limit Threshold Control 209.

## REMARKS

In the Office Action dated September 28, 1995, the Examiner objected to FIG. 2 because the arrows between ADC 208 and PA Limit Threshold Control 209 appeared to be pointed in the wrong direction. Applicants amend FIG. 2 to more clearly point out that the leftmost arrow should flow from ADC 208 to PA Limit Threshold Control 209. This leftmost arrow represents the signal flow of the actual transmit power measurement. The rightmost arrow is correct since it represents the clock input to ADC 208 which is provided by PA Limit Threshold Control 209.

Applicants submit that the above amendment to the drawings do not make any substantive changes or require any additional work on the part of the Office, but are simply the correction of minor errors. Therefore, approval and entry of the above amendment is respectfully requested. Upon approval of the proposed drawing change, formal drawings will be submitted upon receipt of the Notice of Allowance.

Respectfully submitted,

Dated: December 21, 1995
